EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the name of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your Directory registration to see that it accurately records your position in life from year to year.
